About the range

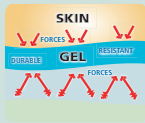

Designed to absorb shock as well as relieve and redistribute pressure, the Podotech gel range offers a large selection of gel products from toe separators and pads to insoles. The range is manufactured from high performance medical grade gel designed to provide optimal functionality and best value.

You can count on the Podotech range of gel products to give consistent quality, which means that reliable performance from every product, every time.

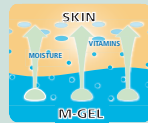

Podotech insoles stay in place for unsurpassed comfort and gel coatings stand up to repeated wear and washings. There are two types of gel in the range which are designed to meet both performance and cost parameters.

Washable and reusable - can stand up to repeated wash and wear

Highly Durable - will not flatten or lose its shape like foam products

M-Gel releases moisture and vitamins on contact with skin

Reduces pressure, shear and shock forces under foot

S Gel

Silicone Gel is universally recognised and accepted by the medical community as an excellent solution to podiatric cushioning. Silicone is considered to be the traditional top-of-the-line material for contact with the skin. Silicone gel is extremely durable and hypoallergenic.

M Gel

Mineral Oil Gel is a thermoplastic elastomer that is 100% medical grade and non-allergenic. The gel is an enriched formula that releases moisture and vitamins on contact, softening and soothing the driest of skin.

Podotech Gel products are manufactured using Polygel. FabricSmart is the trademark of Gel Concepts LLC

M-Gel

M-Gel Toe Separator

Code	Size
PT0001	Small
PT0002	Large
PT0003	Extra Large

- Traditional anatomical shape designed for standard footwear to minimise toe pressure
- Fits comfortably between toes to absorb pressure
- Helps to reduce friction between toes with vitamin enriched mineral oil gel
- Relieves pain from soft corns, overlapping toes, nail problems and bunions

M-Gel

M-Gel Toe Spreader

Code	Size
PT0012	Small
PT0015	Medium
PT0018	Large

- For straightening and aligning toes and relieving pressure from bunions
- Vitamin enriched gel cushions and protects the skin

M-Gel

M-Gel Universal Toe Crest

Code	Size
PT0043	Medium

- To ease discomfort for hammer, claw, and mallet toe
- Comfortable gel exudes medical grade mineral oil to soothe the skin
- Flexible toe loop easily fits over toe to stay in place

M-Gel

M-Gel Toe Cap

Code	Size
PT0071	Small/Medium
PT0073	Large/X Large
PT0075	XX Large

- Traditional shape for relieving pressure and friction on toes or fingers
- Superior cushioning and relief for corns, calluses, hammer toes and partially amputated digits
- Comfort vent for breathability
- Clear material allows discrete use in open sandals

M-Gel

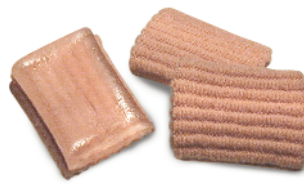

M-Gel Digital Pads

Code	Size
PT0076	Mini
PT0077	Small/Medium
PT0078	Large/X Large

- Thicker, round shaped gel padding for increased cushioning and comfort
- A soft, comfortable and stretchable slip-on device
- Relieves pain from corns, blisters, hammer toes, calluses and digital trauma
- Gel coating softens, soothes and protects the skin

M-Gel

M-Gel Corn Pads

Code	Size
PT0082	Small/Medium
PT0083	Large/X Large

- Traditional product for protecting toes or fingers
- Flexible fabric coated one half with soft gel
- Gel design for maximum coverage
- Relieves pain from corns, blisters, hammer toes, calluses and digital injuries
- Gel coating softens, soothes and protects the skin

M-Gel

M-Gel Digital Caps

Code	Size
PT0087	Small/Medium
PT0088	Large/X Large
PT0089	XX Large

- Unique seamless construction provides comfort and optimal toe/finger protection
- Gel softens, soothes and protects
- Superior cushioning, protection and relief for corns, calluses, nails and cuticles, hammer toes and partially amputated digits
- Improves skin elasticity, as well appearance of old and new scars

M-Gel Digital Pad Strips

Code	Size
PT0097	Mini
PT0098	Small/Medium
PT0099	Large/X Large

- Protection for toes/fingers from pressure, shock and shear
- Uniform round dots of soft, comfortable gel on each strip.
- Can be easily cut to place padding where needed
- Relieves pain from corns, calluses, nail problems, dry or damaged cuticles

M-Gel

M-Gel Coated Digital Tubes

Code	Size
PT0104	Mini
PT0105	Narrow
PT0106	Wide

- Cut to size as and when you wish
- Fits comfortably between toes to absorb pressure
- Reduces friction and irritation between toes with vitamin enriched gel
- Money saver for heavy users of digital corn pads

M-Gel Thin Forefoot Pad

Code	Size
PT0151	Small/Medium
PT0152	Large/X Large

- Ideal for the protection of metatarsal heads
- Helps to relieve burning sensation under the metatarsal heads
- Soft, gel pad with flexible, thin elastic loop attachable over the second or third toe
- Fabric cover prevents sliding in footwear

S-Gel Metatarsal Pad & Toe Separator

Code	Size
PT0125	Small Right
PT0126	Small Left
PT0127	Large Right
PT0128	Large Left

S-Gel Metatarsal Pad with Loop

Code	Type
PT0129	Left
PT0130	Right

Thermoplastic Forefoot Relief Pad with Cover

Code	Size
PT0134	One Size

M-Gel Forefoot Protector

Code	Size
PT0153	Small
PT0154	Large

- Soft gel cushions while effectively absorbing shock and shear forces
- Protects the metatarsal heads
- Ideal for fat pad atrophy and metatarsalgia
- Cushions the ball of the foot to help prevent aches or pains
- Designed with a shock absorbing pattern which holds the product in place
- Recommended for high heels, sandals or boots
- Durable to provide all day cushioning
- Anti-microbial top cover absorbs odour and prevents bacterial growth

Thermoplastic Forefoot Pad

Code	Size
PT0133	One Size

- Cushions the ball of the foot to help prevent aches or pains
- Designed with a shock absorbing pattern which holds the product in place
- Recommended for high heels, sandals or boots
- Durable to provide all day cushioning
- Transparent to match any shoe

M-Gel Metatarsal Strap

Code	Size
PT0137	Small/Medium Right
PT0138	Small/Medium Left
PT0139	Large/X Large Right
PT0140	Large/X Large Left

- For protection of the metatarsal heads from pressure and shear forces
- Helps to relieve burning sensation under the metatarsal heads and other pain from calluses, Morton's Neuroma and fat pad atrophy
- Flexible, durable outer fabric for comfort and conformability
- Redistributes and eases impact pressure from walking, running or carrying excess weight

M-Gel Thin Dress Bunion Relief

Code	Size
PT0168	Small
PT0169	Large

- 3mm soft flexible footpad for protecting bunions by absorbing shock and shear forces
- Soft mineral oil gel soften and comforts painful and sensitive bunions on direct contact with the skin
- Secures comfortably over the big toe and around the foot to prevent sliding

ankle protection

M-Gel Big Toe Bunion Guard

Code	Size
PT0176	One Size

- Ideal for protection of a hallux bunion from friction or pressure
- Soft flexible shell cushions and comforts tender and sensitive skin and surrounding tissue
- Comfortable toe loop slides over the big toe to hold the product in place
- Thin profile design

M-Gel 5th Toe Bunion Guard

Code	Size
PT0177	One Size

- Ideal for protection of the 5th digit
- Soft flexible shell cushions and comforts tender and sensitive skin and surrounding tissue
- Comfortable toe loop slides over the pinky toe to hold the product in place
- Thin profile design

M-Gel Achilles Protection Sleeve

Code	Size
PT0178	Small
PT0179	Large

- Ideal for relief from pump bones (Haglund's deformity) or sore, fatigued or injured achilles tendon
- Soft gel pad protects the posterior of the heel from friction whilst gently compressing and reducing tension around the heel area
- Designed for slim profile in footwear

M-Gel Ankle Protection Sleeve

Code	Size
PT0180	One Size

- For protective cushioning around ankle bones and relief of pressure building up during high impact sports
- Soft, comfortable pad provides gentle compression around ankle bones whilst reducing abrasion and shear forces over the ankle
- Ideal ankle protection in boots and braces

M-Gel Dorsum Protection Sleeve

Code	Size
PT0184	Small
PT0185	Large

- For protection from the top of the foot to the shin by reducing pressure, shear forces and friction
- Popular product used as an interface between the foot and the boot
- Comfortable elastic sleeve holds moulded, anatomically designed gel shape in place on top of the foot

M-Gel Achilles & Dorsum Protection Sleeve

Code	Size
PT0186	Small
PT0187	Large

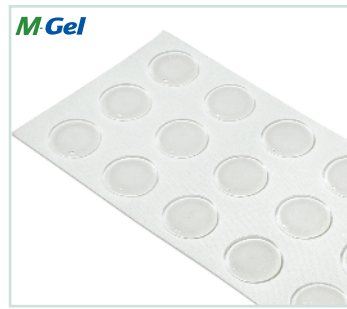

- Protection for both the top of the foot and Achilles tendon by reducing pressure, shear forces and friction from boots
- Protects from abrasions caused by athletic footwear without added bulk
- Comfortable gel sleeve holds moulded, anatomically designed gel shape in place on top of the foot and supporting the Achilles tendon

M-Gel Square

Code	Size	Type
PT0194	101 x 101mm	Without Adhesive
PT0195	101 x 101mm	With Adhesive

- Soft formulation for anywhere on the body to offload pressure and absorb shock or shear forces
- **6mm thick** pure mineral oil gel available with or without pressure sensitive adhesive backing
- May help improve the appearance of old or new scars

M-Gel Dots Sheet

Code	Size	Type
PT0196	25mm	With Adhesive

- Soft formulation for anywhere on the body to offload pressure and absorb shock or shear forces
- Peel-and-stick adhesive backing for secure placement anywhere
- Mineral oil moisturises skin at point of contact
- May help improve the appearance of old or new scars

S-Gel

S-Gel Thin Dress Insole with Metatarsal Raise

Code	Size
PT0208	Small
PT0209	Medium
PT0210	Large

- For absorbing shock, enhanced comfort and forefoot pressure relief while wearing high-heeled or tight-fitting shoes
- Thin design fits into most women's dress footwear
- Soft metatarsal raise redistributes pressure on forefoot for relief and comfort while providing added support and stability

S-Gel

S-Gel Thin Dress Insole with Metatarsal Raise - Covered

Code	Size
PT0211	Small
PT0212	Medium
PT0213	Large

- For absorbing shock, enhanced comfort and forefoot pressure whilst wearing high heeled and tight fitting shoes
- Thin design fits into most women's dress footwear
- **Anti-microbial cover**

About anti-microbial coverings

Anti-microbial top covers feature Eco-Fibre Shield technology that is environmentally and user friendly. No metals means no worries.

Advanced Fabric Smart technology greatly increases the practical value and comfort of silicone orthotic shoe inserts. All of Fabric Smart antimicrobial fabrics provides the following benefits:

- **Antibacterial**, Antifungal and Deodorising - Our proprietary treatment is infused into the fabric so it will not rub off or migrate onto the skin
- **Breathable and dry** - Absorbs and wicks away moisture and perspiration fast, while providing excellent ventilation, keeping the skin cool and dry

- **4-Way stretch fabric** - Will not deform or flatten after long usage
- **Durable** - Fabric will not undergo deformation or alter thickness after long usage
- **Washable** - Maintains effectiveness after washing

FabricSmart is the trademark of Gel Concepts LLC

*'1 Spot' 3/4 insoles also available on request.

- Dual durometer construction for extra protection of rear and mid-foot tissues without crowding the shoe
- Designed for flat shoes and trainers
- High medial and lateral walls cradle soft rear foot tissues
- Raised wide pad of softer silicone in the metatarsal area relieves pressure

S-Gel

S-Gel 3/4 Length Insole - Covered

Code	Size	EU Size	UK (Men's)
PT0227	Small	36	3
PT0228	Medium	38	4½
PT0229	Large	40	6
PT0230	X Large	42	8
PT0231	XX Large	44	9

- Dual durometer construction for extra protection of rear and mid-foot tissues without crowding the shoe

- High medial and lateral walls cradle soft rear foot tissues

- Raised wide pad of softer silicone in the metatarsal area relieves pressure in the metatarsal heads

- **Anti-microbial cover**

S-Gel

S-Gel Heel Pad with Removable Spur

Code	Size
PT0283	Small
PT0284	Medium
PT0285	Large

- Adjustable with spur plug for shock absorption or removed for spur relief

- Medium density silicone efficiently absorbs impact and recovers quickly

- Improved smaller spur pad fits correctly under the heel aperture

S-Gel

S-Gel Heel Pad with Removable Spur - Covered

Code	Size
PT0288	Small
PT0289	Medium
PT0290	Large

- Adjustable with spur plug for shock absorption or removed for spur relief

- Medium density silicone efficiently absorbs impact and recovers quickly

- Improved smaller spur pad fits correctly under the heel aperture

- Will not deform or degrade with use

- **Anti-microbial cover**

S-Gel

S-Gel Heel Cup With Shock Pattern - Covered

Code	Size
PT0296	Small
PT0297	Medium
PT0298	Large

- Protection for general use and high-impact activities

- Waffle pattern in contact with the body maximises shock absorption

- Thin heel fits comfortably in most footwear

- Will not deform or degrade with use

- **Anti-microbial cover**

S-Gel

S-Gel Dress Heel With Spur Relief

Code	Size
PT0299	Small
PT0300	Medium
PT0301	Large

- Spur relief in shallow fitting dress footwear

- Thin, flexible silicone heel wraps around the inside of the shoe to cradle the heel

- Design helps to secure the heel in place

- Works where no other heel support will fit

S-Gel

S-Gel Heel Cup

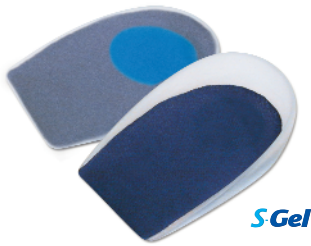

Code	Size
PT0304	Small
PT0305	Medium
PT0306	Large
PT0310	X Large

- Dual durometer for maximum comfort while standing, walking or running

- Medium durometer silicone in main body efficiently absorbs impact and recovers quickly

- Softer silicone blue zone under heel centre maximises shock absorption

- Will not deform or degrade with use

S-Gel

S-Gel Heel Cup - Covered

Code	Size
PT0307	Small
PT0308	Medium
PT0309	Large

- Medium dual durometer for maximum comfort while standing, walking or running
- Softer silicone blue zone under heel centre maximises shock absorption and comfort at point of impact
- Will not deform or degrade with use
- **Anti-microbial cover**

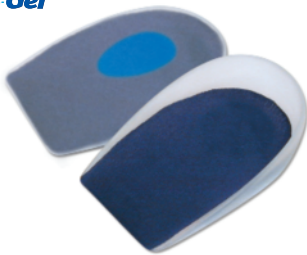

S-Gel

S-Gel Spur Cup - Medial Side

Code	Size
PT0315	Small
PT0316	Medium
PT0317	Large

- Medium dual durometer for medial-side or spur/fascia relief and comfort while standing, walking or running
- Softer silicone blue zone under tender areas provides increased comfort and pain relief
- Retains shape - will not deform or degrade with use

S-Gel

S-Gel Spur Cup Medial Side - Covered

Code	Size
PT0320	Small
PT0321	Medium
PT0322	Large

- Dual durometer cup for medial-side or spur/fascia relief and comfort
- Softer silicone blue zone under tender areas provides increased comfort and pain relief
- Will not deform or degrade with use
- **Anti-microbial cover**

S-Gel

S-Gel Dual Density Posted Heel Wedge

Code	Size
PT0331	Small
PT0332	Medium
PT0333	Large

- Dual durometer wedge for medial-side or spur/fascia relief for users with flat feet, high arches or knee conditions
- Softer silicone medial blue zone increases relief from heel spur conditions
- Posted design minimises pronation, flat feet or general valgus knee conditions
- Will not deform or degrade with use

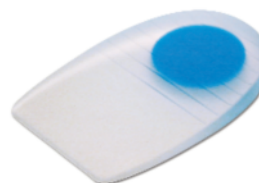

S-Gel

S-Gel Posted Heel Wedge - Covered

Code	Size
PT0334	Small
PT0335	Medium
PT0336	Large

- Dual durometer for medial-side or spur/fascia relief
- Softer silicone increases comfort and pain relief from heel spur conditions
- Posted design minimises pronation, flat feet or general valgus knee conditions
- **Anti-microbial cover**

S-Gel

S-Gel Heel Wedge

Code	Size
PT0337	Small
PT0338	Medium
PT0339	Large

- Medium dual durometer for maximum comfort while standing, walking or running
- Softer silicone blue dot under heel centre maximises shock absorption and comfort at point of impact
- Will not deform or degrade with use

moisturising accessories

S-Gel

S-Gel Heel Wedge - Covered

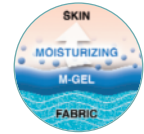

Code	Size
PT0340	Small
PT0341	Medium
PT0342	Large

- Medium dual durometer for maximum comfort while standing, walking or running
- Softer silicone blue dot under heel centre maximises shock absorption and comfort at point of impact
- Will not deform or degrade with use
- **Anti-microbial cover**

M-Gel Moisturising Vented Heel Sleeve

Code	Size
PT0378	One Size

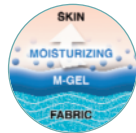

- Gel heel sleeve provides deep hydration to dry, chafed, cracked or damaged skin
- Soft stretch fabric easily rolls on to cover the heel
- New vented fabric design allows for breathability of the skin
- Dermatologist tested

M-Gel Moisturising Booties

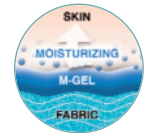

Code	Colour	Size
PT0375	Green	One Size
PT0376	Blue/Turquoise	One Size

- Moisturises and softens the entire plantar surface of the foot as well as heels and toes. The proprietary gel lining releases a combination of skin nourishing hydrators, which help soften and improve the foot's appearance.

M-Gel Moisturising Heel Sleeve

Code	Size
PT0377	One Size

- Soft stretch fabric easily rolls on to cover the heel and hold anatomically designed gel pad securely in place
- Inside coating of soft mineral oil gel soothes entire heel area on contact
- May be used with creams and heel treatments
